BC-SOLIDBLUE BATHS

STRONGER AND WARMER FOR LONGER

Our baths are made of the highest quality materials. The sheet we use is completely resistant to the UV rays which prevents discolouring when exposed to sunlight. The baths are reinforced with layers of fibreglass, resin and a special hardening composite called BC-Solidblue which makes the baths much stronger and improves insulation. As a result the water stays warm for longer.

EXTRA STRONG

Additional reinforcement makes the baths a lot stronger.

WARMER FOR LONGER

Additional reinforcement helps to keep the water in the bath warm for longer.

HIGHEST QUALITY MATERIALS

Resistant to UV light.

- 1 ACRYLIC SHEET
- 2 FIBREGLASS AND RESIN
- 3 18MM BASEBOARD
- 4 BC-SOLIDBLUE
