BATH

Fitted Furniture 01 | 2019

FITTED FURNITURE

Roper Rhodes has been providing quality products for British bathrooms for almost 40 years.

We invest heavily in developing new ranges that combine good design, functionality and style so you can be sure your Roper Rhodes bathroom is fit for purpose day after day.

We are recognised throughout the industry for our excellent customer service. We carry good stock levels on all our standard ranges so, once you've confirmed your order, you won't have to wait long for delivery. And we're so confident in the quality of our products that they come with a 10 year guarantee against manufacturing defects.

THE PERFECT FIT

Whatever your bathroom space, big or small, our fitted furniture offers the flexibility and versatility you need to create the perfect fit.

Fitted furniture helps create a unified bathroom look as well as maximise your bathroom's available space, but with our stunning collection it needn't be frumpy. Fresh, contemporary finishes, coordinating worktops and thoughtful finishing touches abound.

WHY CHOOSE US?

Offering quality, excellent service and availability are our prime objectives.

We are always seeking to improve our existing high level of customer service and constantly monitor the way our staff fulfil this objective. We offer simplicity in the ordering and pricing of our ranges to make this as easy for you as possible.

We carry good stock levels of our standard items to provide excellent availability of product to our customers. This means that when you order a fitted bathroom from us you can expect to receive your bathroom furniture within three working days.

HEATED DEMISTER PAD
Make steamy mirrors a thing of the past. The pad will heat the mirror within 2-3 minutes, preventing it from misting

10 YEAR GUARANTEE
All fitted furniture units come with a 10 year guarantee against manufacturing defects

COORDINATE YOUR LOOK
A natural oak worktop matches the internal carcass recommended for use with most of the Burford range

SOFT CLOSE
A quieter life is guaranteed with the added luxury of soft close doors and drawers

PLANNING YOUR BATHROOM

At Roper Rhodes we want to make your life easier. There are a few key elements you should consider when planning your new bathroom.

With our fitted furniture it is easy for you to design and plan your new bathroom. What's more we have simplified the ordering procedure into a series of basic steps for you to follow, see pages 8-9.

What look do you want to create?

A range of styles can be created from one unit, whether it is wall hung for a more modern, European feel, or used with the supplied plinths to create a fully fitted wall-to-wall effect.

Please remember that the photography shown in this brochure is only an example of what can be done.

Decide on the finish and colours

Lighter colours such as high gloss white, chalk white and alpine elm finishes are particularly effective in smaller bathrooms. Colours such as natural oak or mercury can be used to create homely effects. Painted finishes are very on-trend. Don't forget you can order a

different colour carcass to door finish, creating an individual look. There is a choice of 4, including white, silver, graphite and natural oak.

FITTED FURNITURE PRODUCT DETAILS

Slim depth units

All slim depth units are 820mm(h) x 218mm(d) with the exception of the full height unit which is 1900mm(h)

* Heated mirror pad supplied with mirror

Which worktops?

There are so many finishes to choose from. Premium matt, soft touch laminate worktops are superbly tactile while our gloss finish black granite and white laminate worktops will sparkle under LED lighting.

Using Strata solid surface worktops will add a more contemporary and luxurious look and feel.

The layout of your bathroom

Get a feel for your bathroom layout before you start. Look at any wasted areas which could be maximised with the addition of storage units. It is advisable to install a WC unit in a similar position to the current WC to minimise installation costs.

If you do want to change the layout of your bathroom, a good bathroom retailer will be able to guide you through the planning process.

Installation

As with any new bathroom furniture, it is advisable to use an experienced and qualified installer. Many Roper Rhodes retailers will be able to offer a design and installation service or will be able to recommend suitable fitters and tradesmen.

Use the item guide above to populate your new bathroom layout.

STEP-BY-STEP ORDERING GUIDE

1. Door finishes

The most important choice when determining the look of your bathroom is door finish. Luckily we have many fabulous finishes for you to select from, covering all bases from on-trend painted finishes to natural wood looks. See pages 12-59 for inspiration.

2. Door/fascia style

Door style will also influence your overall design. Choose from the classic shaker styles of Burford to the ultra-modern simplicity of Aruba slab style doors.

3. Carcass finish

Now select your internal carcass finish. The recommended carcass colour to be used with each door finish for best effect is detailed on pages 92-106, but you can choose to order whichever carcass colour you wish to achieve your desired look.

4. Combination & depth of units

Assess the space you have available in your bathroom and choose from standard depth (353mm) or space-saving slim depth (218mm) units. Then consider which combination of units which will work for you to maximise the space in your bathroom.

5. Handle options

Add the perfect finishing touch to your chosen doors with one of our range of handles. See page 84 for the full list of all available options.

6. Worktop options

Select a worktop from either our Strata solid surface or laminate options. Alternatively opt for either the solid surface City underslung basin or motif semi-recessed basin. Both have an integrated worktops for a seamless look which works equally well with both contemporary and classic bathroom designs. See pages 78-83 for further details.

Don't forget your end panels
Colour matched to complete your furniture

7. Sanitaryware options

Choose your preferred sanitaryware to match the styling of your bathroom. See pages 62-75 for options.

8. Panels & plinths

Coordinating clad-on end panels or thicker accent panels are available in all door finishes. These are optional when choosing a range with a colour matched carcass. If you select a range with a contrasting coloured carcass you will need to use end panels to cover the exposed unit sides. They can also be used between units to achieve a framed effect. See pages 111-112.

9. Mirror & wall cupboard options

Choose your preferred mirror, and maybe also add some useful wall cupboards for extra storage. See pages 114-115.

10. Lighting options

Choose your preferred lighting. See page 115 for options.

11. Bath panel options

Choose your bath panel to keep everything coordinated. See page 113 for options.

12. Tap options

Top your basin with one of our stylish basin mixers. See page 86-87 for options.

PETER LINDSELL
Product Designer

Whatever your bathroom space, big or small, our fitted furniture offers the flexibility & versatility you need to create a unified bathroom look. Our range has something for every taste & the designs incorporate a host of thoughtful features, functionality & style.

Fitted Furniture

BURFORD

*Elements of traditional carpentry
with the advantages of fitted furniture
in a choice of 6 painted finishes*

BURFORD DERWENT BLUE

Strike the perfect balance between modern and traditional with stunning Derwent blue; full of character and depth, it combines tailored lines with a touch of classic styling.

Complete this traditional style with a double basin, ideal for those wishing to make a real design statement. Opt for the Wessex taps and Washington door handles to complete this look and create a beautiful balance between classic styling & dramatic good looks.

10 year guarantee.

HARROW
Semi-countertop
basin
£181.50

**300MM TRIPLE
DRAWER UNIT**
Featuring three
soft close
drawers
£584.10

BURFORD MERCURY

*A touch of colour can completely transform your bathroom.
Breathe new life into your space with these soothing yet intense mercury grey units in Burford's classic design.*

Burford's simple styling has framed doors, plinths with rails and tongue and groove feature panels. The strong lines this creates are particularly complemented by Harrow sanitaryware.

Keep your colour scheme coordinated by choosing to use graphite grey carcasses with your mercury doors.

10 year guarantee.

600MM MIRROR
Featuring a heated demister pad
£257.00

COLUMBUS
Chrome handle
£19.00 each

HARROW
Semi-countertop basin
£181.50

CARRARA STRATA WORKTOP
A marble-like solid surface worktop from £186.00

BURFORD SLATE GREY

Create real drama with this deep slate grey finish. A nod to heritage styling, this finish will give your bathroom a sophisticated yet modern feel.

Opt for a Geo basin and Strata worktop or keep everything sleek and seamless by choosing the City underslung basin with integrated solid surface worktop. Using two full height twin door cupboards together will give you masses of valuable storage space.

10 year guarantee.

CITY BASIN
Solid surface underslung basin with integrated worktop £610.00

NOTE WC
Back to wall WC and soft close seat
£468.60

BURFORD PEBBLE GREY

For a new take on a classic look opt for the muted tones of pebble grey finish, creating a relaxed & calming environment.

Open shelving and sleek mirrors, used together here with the smooth arctic white Strata solid surface worktop, help create this timeless look.

Use 30mm end panels between the units to create a more traditional framed look. For economy these end panels can be cut in half for use within a run if desired.

10 year guarantee.

NATURAL OAK SHELF STORAGE UNIT
300mm Standard depth shelf storage unit
£146.00 each

GEO BASIN
515mm semi-countertop basin
£181.50 each

END PANELS
Use 30mm end panels between the units to create a traditional framed look. For economy these can be cut in half for use either side of a unit in a run if desired.

BURFORD CHALK WHITE

In a soft white, Burford has a classic look with framed doors.

Recommended for use with natural oak finish carcass units, a coordinating oak finish worktop is also available.

Use 30mm end panels between the units to create a more traditional framed look and finish with Washington chrome handles.

10 year guarantee.

WESSEX BASIN MIXER
Basin mixer with click waste
£202.00

GEO BASIN
515mm semi-countertop basin
£181.50

NATURAL OAK LAMINATE WORKTOP
A wood effect laminate worktop from £107.00 (standard depth)

END PANELS
Use 30mm end panels between the units to create a traditional framed look. For economy these can be cut in half for use either side of a unit in a run if desired.

BURFORD MOCHA

The muted tone of Burford mocha adds to its timeless appeal and really suits the classic styling.

The use of open shelving can be especially effective, breaking up a run and keeping the look classic. Recommended for use with natural oak finish carcass units.

10 year guarantee.

GEO BASIN
515mm semi-countertop basin
£181.50 each

HENLEY BASIN MIXER
Basin mixer with pop up waste
£149.00 each

GEO WC
Back to wall WC & seat
£287.90

ARUBA

*A simple ultra modern style
for effortless cool in a multitude
of on-trend finishes*

ARUBA DERWENT BLUE

Dive in at the dark deep end and inject a splash of colour into your bathroom with this sleek flat door style in rich Derwent blue. Full of warmth and character it's sure to make the right statement. This fabulous hue offers a sophisticated look that is sure to enrich your bathroom design.

Why not elevate your bathroom space and opt for the Motif solid surface basin with integrated worktop. We've selected the Stockton brass handle and brass Elate tap for a real design statement to keep your bathroom right on trend.

10 year guarantee.

MOTIF BASIN & WORKTOP
Solid surface basin with integrated worktop
£674.00

NOTE
Back to wall WC and seat
£468.60

ARUBA GLOSS DARK CLAY

Step things up & bring in an element of luxe to enrich your bathroom design with this glossy dark clay finish. Perfect for creating depth & making a statement.

Keep everything sleek and seamless by choosing the City underslung basin with integrated solid surface worktop. The very practical 3 drawer unit is perfect for all your smaller bathroom items and will keep clutter at bay.

10 year guarantee.

CITY BASIN & WORKTOP
Solid surface under slung basin with integrated worktop
£610.00

300MM TRIPLE DRAWER UNIT
Featuring three soft close drawers
£584.10

ZEST
Back to wall WC and seat
£424.00

ARUBA ALPINE ELM

Cool & light, this contemporary textured finish uses elements from Scandinavian design to create this on-trend stylish look.

The contemporary styling of Aruba works beautifully when contrasted with our matt dark grey, soft touch premium laminate worktop and matt black handles.

Coordinating bath panels are available to complete the room.

10 year guarantee.

AIM BASIN MIXER

Basin mixer with click waste
£118.50

GEO BASIN

500mm semi-countertop basin
£167.50

SOFT TOUCH LAMINATE WORKTOP

A soft touch, super matt finish laminate worktop from £144.50 (Shale finish shown, standard depth)

A 500mm semi-countertop unit used with a 500mm back to wall unit creates a space-efficient 1m run

ARUBA CHARCOAL ELM

Inject drama & excitement with this contemporary darker textured finish in a fully fitted run.

Contrast charcoal elm with an arctic white solid surface worktop and chrome door top handles. Accent sanitaryware is the perfect choice to complete this look.

10 year guarantee.

ACCENT BASIN
Slim depth semi-countertop basin
£253.00

AIM BASIN MIXER
Basin mixer with click waste
£118.50

ACCENT WC
Back to wall WC
and seat
£419.60

ARUBA MERCURY

This is sure to become a timeless classic. Aruba slab doors in deep, semi-matt mercury grey add warmth & drama.

Team with the carrara marble Strata solid surface worktop. Why not opt for some contrasting gloss white wall cabinets for an altogether more striking look.

Keep the internals coordinated by choosing graphite grey carcasses for your units.

10 year guarantee.

CARRARA STRATA WORKTOP
A marble-like solid surface worktop from £186.00 (standard depth)

COVER BASIN
Semi-countertop basin £204.50

400MM WALL MOUNTED CUPBOARD
Available in 8 different finishes (white finish shown) £265.30 each

ARUBA MOCHA

This warm muted tone is perfect for a modern bathroom, especially with its semi-matt finish.

The contemporary styling of Aruba works beautifully when teamed with the sleek carrara Strata solid surface worktop and matt black handles. Cover sanitaryware is the perfect choice to complete this look.

10 year guarantee.

MASSA MARBLE LAMINATE WORKTOP
A marble-like laminate worktop from £90.10 (slim depth)

CODE BASIN MIXER
Basin mixer with click waste
£148.50

COVER WC
Back to wall WC and seat
£419.60

STOCKTON HANDLE
Black finish
from £14.90

ARUBA FLINTWOOD

This cool grey wood grain has a natural texture & packs a punch, offering a dramatic look for the bathroom.

Keep the style contemporary with matt black handles, carrara marble Strata solid surface worktop and Cover sanitaryware.

10 year guarantee.

CARRARA STRATA WORKTOP

A marble-like solid surface worktop from £186.00 (standard depth)

SYNC BASIN MIXER

Basin mixer with click waste £148.50 each

COVER WC

Back to wall WC and seat £419.60

ARUBA NATURAL OAK

A warm mid-tone wood finish, smooth to the touch.

We recommend the use of matching oak carcasses with this door finish, to keep everything coordinated.

10 year guarantee.

CAPELLA

*Subtle curved edges on the doors
give Capella broad appeal.
Available in gloss white*

CAPELLA WHITE

Gently curved doors with a bright gloss white painted finish.

Team with the Alaska handle for great effect and use the white carcass finish.

10 year guarantee.

MINERVA BASIN
Semi-countertop basin
£142.00

SYNC BASIN MIXER
Basin mixer with
click waste
£148.50

PORTLAND STONE LAMINATE WORKTOP
A stone effect laminate
worktop from £107.00
(standard depth)

ROB SHEAN
Product Designer

Whatever style you choose, we have a number of sanitaryware ranges designed to coordinate beautifully. Manufactured using only the finest materials, our carefully selected ranges have true designer appeal & complete the look.

Sanitaryware

ACCENT

The soft modern design of Accent is the perfect companion for our contemporary ranges. Available in both standard & slim depth, the semi-countertop basins offer a deep, practical area space with a space-saving option if required.

560mm standard depth semi-countertop basin
£268.00

550mm slim depth semi-countertop basin
£253.00

510mm back to wall WC & soft close seat
£419.60

505mm wall hung WC & soft close seat
£419.60

630mm close coupled fully enclosed WC & seat
£617.60

COVER

This sanitaryware range with its smooth curved design & thin edges offers generous washing space even on the slim depth semi-countertop option. A choice of three WC options includes a very stylish back to wall version, the perfect choice for fitted furniture, or why not opt for the wall hung or close coupled for a more stand-alone look.

560mm semi-countertop basin
£204.50

560mm slim depth semi-countertop basin
£193.00

530mm back to wall WC & seat
£419.60

525mm wall hung WC & soft close seat
£419.60

660mm close coupled fully enclosed WC & soft close seat
£583.60

HARROW

This collection has more than a nod to the past, being both classically styled & elegant. It looks great with our Burford range for a true period feel. With generous proportions, the basin is available with one or two tap holes & coordinates perfectly with the back to wall WC pan.

550mm ceramic basin 1 tap hole
£181.50

550mm ceramic basin 2 tap hole
£181.50

520mm back to wall WC & soft close wooden seat
£339.50

NOTE

The Note semi-countertop basins look great when teamed with our fitted furniture, with the slim depth option being especially space efficient. The short projection WCs have soft close, quick release seats.

560mm standard depth semi-countertop basin
£284.00

540mm slim depth semi-countertop basin
£269.00

500mm back to wall WC & slim soft close seat
£495.00

500mm wall hung WC & slim soft close seat
£495.00

620mm fully enclosed close coupled WC & soft close seat
£756.60

620mm close coupled WC & soft close seat
£710.60

ZEST

Zest is a comprehensive range, with slim edges & elegant shapes. Four WC options include a very stylish close coupled design & a unique 450mm short projection back to wall version.

500mm standard depth semi-countertop basin
£272.00

435mm slim depth semi-countertop basin
£239.50

450mm back to wall WC & soft close seat
£424.00

500mm back to wall WC & soft close seat
£444.00

500mm wall hung WC & soft close seat
£474.00

655mm close coupled fully enclosed WC & soft close seat
£753.00

MINERVA

Minerva combines simple good looks with practicality. The semi-countertop basin comes in three useful sizes. The WCs work well with your choice of soft close, quick release Juno or Minerva seats and include a comfort height back to wall option.

560mm standard semi-countertop basin
£142.00

540mm slim depth semi-countertop basin
£124.50

460mm slim depth semi-countertop basin
£124.50

515mm back to wall WC & soft close Minerva seat
£226.70

530mm comfort height back to wall WC & soft close Minerva seat
£263.20

660mm close coupled WC & soft close Juno seat
£384.10

660mm close coupled WC & Minerva soft close toilet seat
£400.70

GEO

The soft squares of the Geo range looks great with most ranges. The slim depth semi-countertop basin saves precious space but still has a deep, practical wash space.

500mm standard depth semi-countertop basin
£167.50

515mm standard depth semi-countertop basin
£181.50

540mm slim depth semi-countertop basin
£167.50

505mm back to wall WC & soft close seat
£287.90

655mm close coupled fully enclosed WC & soft close toilet seat
£468.90

655mm close coupled WC & soft close toilet seat
£442.40

FLUSH PLATES

Plaza dual flush push plate

210(w) x 137mm(h)

Chrome TR9010 **£36.20**

Rondo dual flush push plate

210(w) x 137mm(h)

White TR9013 **£27.70**

Ellipse dual flush push plate

210(w) x 142mm(h)

Chrome TR9004 **£36.20**

Whether you need a contemporary or traditional look, we have flush plates to suit. Compatible for use with our wall hung frames or as an optional upgrade for cisterns.

SENSOR FLUSHING

Touch Sensor Dual Flush Plate

210(w) x 137mm(h)

Black TR9016 **£129.00**

Go for an ultra-contemporary option with our sleek, black glass-fronted touch sensor dual flush plate. The lightest touch on the plate is all that is required to initiate the flush, and the plate lights up to indicate activation.

The sensor plate is best for use on Roper Rhodes wall hung WC frames or the in-wall concealed cistern, and requires 4 AA batteries which will last around a year under normal domestic conditions. The plate allows easy access to change the batteries when required and has a manual override.

Contactless Dual Flush Sensor

Use with concealed cisterns

Sensor kit TR9014 **£107.50**

The contactless flush sensor kit is compatible with pneumatic concealed cisterns from Roper Rhodes, and is best used within furniture. It provides a touchless flush, with just a wave of a hand.

The Sensor works using capacitive sensor technology to detect a change in the electromagnetic field. A short wave of the hand in front of the sensor activates the reduced flush, whilst holding your hand up slightly longer triggers a full flush. It is powered by 4 AA batteries which will last around a year under normal domestic conditions.

The sensor can be mounted behind a back to wall WC unit fascia, or under a worktop or tiled wall near the cistern. A discreet black decal is included to indicate sensor location if desired.

WALL HUNG FRAMES & CONCEALED CISTERNS

1.17m wall hung WC frame

6/3 litres
500(w) x 1168(h) x 140 - 200mm(d)

1.17m frame TR9006 **£234.50**

Use for in-wall applications, includes fittings, requires flush plate/button, or contactless sensor (available separately). 200mm height adjustment.

1.0m wall hung WC frame

6/3 litres
500(w) x 1000(h) x 167 - 215mm(d)

1.0m frame TR9015 **£222.00**

Ideal for boxed in applications, especially under windows. Requires flush plate/button, or contactless sensor (available separately). 200mm height adjustment.

0.82m wall hung WC frame

6/3 litres
500(w) x 820(h) x 167 - 215mm(d)

0.82m frame TR9005 **£234.50**
Furniture Adaptor Kit TR9007 **£40.30**

Can be used with 600mm and wider furniture WC units. Use with Furniture Adaptor Kit, requires flush plate/button, or contactless sensor (available separately). 200mm height adjustment.

0.4m WC/bidet frame

400(w) x 400(h) x 170 - 335mm(d)

0.4m frame TR9018 **£108.50**

Compact half height WC frame suitable for use in narrow back to wall units including 500mm wide. For use with Torrent, Cascade or comfort height cisterns. Can also be used for bidets. 200mm height adjustment.

In-Wall cistern

6/3 litres
600(w) x 745 max(h) x 138 - 194mm(d)

Cistern TR9009 **£107.50**

Ideal for tiled in applications. All parts servicable through flush plate aperture.

Internal isolation valve, 150mm height adjustment. Top or front flush plate mounting. 1/2 BSP. Requires flush plate/button, or contactless sensor (available separately).

Comfort height cistern

6/3 litres
437(w) x 324(h) x 165mm(d)

With chrome flush button TR9008 **£94.60**

Developed specifically to allow comfort height back to wall pans to be used in 820mm high furniture.

Bottom entry inlet valve. Top or front flush plate mounting. 1/2 BSP PS insulation jacket. Pneumatic flush valve.

Torrent concealed dual flush cistern bottom inlet

6/3 litres
434(w) x 365(h) x 140mm(d)

With chrome flush button TR9001 **£94.60**

Bottom entry inlet valve. Top or front flush plate mounting. 1/2 BSP PS insulation jacket. Pneumatic flush valve.

Cascade concealed dual flush cistern side inlet

6/3 litres
434(w) x 365(h) x 140mm(d)

With chrome flush button TR9002 **£94.60**

Side entry bottom entry inlet valve. Top or front flush plate mounting. 1/2 BSP PS insulation jacket. Pneumatic flush valve.

Finishing Touches

WORKTOP OPTIONS

You have a choice of worktop styles, materials & finishes which perfectly complement our fitted furniture ranges.

Recreate the depth of natural stone with a Strata solid surface worktop. Choose from our extensive range of high quality, durable laminate surfaces, also available in a premium soft-touch option. Or give a smooth, uninterrupted finish to a fitted furniture run with a basin & integrated worktop, for a distinctly contemporary look & feel.

City basin

Soft touch laminate

STRATA SOLID SURFACE WORKTOPS

Strata worktops are an ideal solution for those wishing for an aspirational look & the feel of solid surface. The natural stone-like beauty of Strata solid surface makes them a perfect choice for your bathroom.

Strata worktops are completely solid and can be cut to whatever size or shape your bathroom demands, with no need to bond on finishing strips. Simply cut to the desired profile and sand down the end to a fine finish. Adhesive is also available in coordinating colours for joining longer runs or corner installations.

As with any solid surface product, darker finishes will show some scratches over time, however these can be very easily sanded and polished out to keep your worktop in pristine condition.

10 year guarantee.

BASINS WITH INTEGRATED WORKTOPS

Expertly moulded into a single piece, our basins with integrated worktops strike the perfect balance between form & function. Choose from the City basin or opt for the semi-recessed Motif basin style for a clean, minimalist look.

CITY BASIN

The natural beauty of the solid surface worktop flows effortlessly into the deep, spacious wash basin.

Provided in 1600mm length, the worktop can be cut down to size to suit your installation. To be used with 600mm semi-countertop units only, it works equally well with both classic and contemporary bathroom designs.

Right
City Basin
Solid surface basin with integrated worktop.
£610.00

MOTIF BASIN

The Motif basin is available in 1600mm length and the worktop can be cut down to size to suit your installation. Available in standard or slim depths and left or right handed versions. Motif is to be used with 600mm semi-countertop units only. It works equally well with both classic and contemporary bathroom designs.

Top
Motif Basin (left hand)
Solid surface basin with integrated worktop (standard depth).
£674.00

Bottom

Solid surface basin with integrated worktop (slim depth).
£539.00

SOFT TOUCH LAMINATE WORKTOPS

Pleasant to the touch, these super matt, premium laminate worktops are available in two on-trend shades. At 22mm they are slimmer in profile than standard laminate worktops & will help to create a striking, contemporary look for the fitted bathroom. The soft touch finish ensures they are easy to maintain, with the added benefit that fingerprints won't show.

TAP COLLECTION

Designed to deliver the finishing touch to your bathroom, our basin mixers are not only beautiful to look at but superbly well engineered for durability too.

From ultra contemporary to more timeless designs, there is something to suit everyone. Many ranges include a mini basin mixer option, very useful for slim depth basins. Most taps also have a coordinating bath filler. Please refer to the main Roper Rhodes Bathroom Book for more information.

All Roper Rhodes taps use the latest highly reliable ceramic cartridge and ceramic disc technology. As testament to this in-built quality, all of our taps are provided with a ten year guarantee.

LIGHTING OPTIONS

Lighting your bathroom couldn't be simpler with a variety of light fittings to enable you to create different effects. Creative lighting can greatly enhance a bathroom installation & generate a relaxing ambience.

The bathroom cabinets within our range of furniture feature a void behind the back panel, allowing wiring and transformers to be neatly concealed.

When planning your bathroom remember to make allowance for any electrical work which may have to be undertaken before any of your furniture is fitted. Always use a qualified electrician.

Above
LED Lighting
 Choose from two styles of overhead light, designed for use on top of cabinets or mirrors. There is a 6w 300mm chrome light and a 3w sweep chrome light available. Both benefit from the latest LED technology which provides a bright, practical task light with energy saving benefits. The lights are IP44 rated and supplied with an LED driver suitable for mounting outside zones 1 and 2. See diagram opposite.

Below
Air Backlit Mirror
 The Air backlit fluorescent mirror provides brilliant illumination. With special features such as a heated mirror pad, infra-red on/off switch and a recharging socket, it more than deserves its place in your bathroom. For alternative options see pages 114-115.

LIGHTING SCHEMATICS

300mm Chrome LED light

Sweep Chrome LED Light

Zones for equipment in close proximity to baths & showers

- ZONE 1** Electrical fittings in this zone require separated extra low voltage and a minimum rating of IP44 (splash-proof).
- ZONE 2** Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).
- OUTSIDE ZONES** Electrical fittings in this zone require a minimum rating of IP20.

Total £255.30 **£187.00** **£68.30**

Exposed carcass sides are covered by using colour matched end panels which will be required to complete your fitted furniture run. See pages 111-112 for panel options.

Most freestanding units require a colour matched plinth to be installed to cover any pipework underneath the units. See pages 112-113 for plinth options.

SLIM DEPTH UNITS

300mm slim depth shelf storage unit

Features Recommended Carcass

- Can be cut down to suit odd size space in furniture run
- Supplied for self assembly
- A plinth is required for this unit - see pages 112-113

PANELS & PLINTHS

Standard Panels

18mm Standard filler/clad-on end panel

- Fully edged
- Can be cut to suit different installations
- Use for colour matched end panels

* Burford end panels have feature tongue & groove effect

18mm Tall standard filler/clad-on end panel

- Fully edged
- Can be cut to suit different installations
- Use for colour matched end panels

* Burford end panels have feature tongue & groove effect

30mm clad on end panel standard

- Clad on to units to create striking effects
- Allows creation of a framed inset door look. If desired these panels can be cut in half and used between carcass units in a run to create this framed look instead of using a full panel each time
- Use with standard depth base units
- Cut down for wall-hung base unit installations

* Burford end panels have feature tongue & groove effect

Slim Depth Panels

18mm slim depth filler/clad-on end panel

- Fully edged
- Can be cut to suit different installations
- Use for colour matched end panels

* Burford end panels have feature tongue & groove effect

PLANNING TIPS AND ADVICE

LOCATING THE MAIN ITEMS

Wherever possible, try and install your WC, basin, bath and/or shower in a similar position to that in your current bathroom in order to minimise installation time and costs.

Planning - Key Steps

- Measure your bathroom and draw out a plan, to scale if possible.
- Make reference to where all services are located including soil pipes and water inlets.
- Ensure all dimensions of heights/widths of windows and radiator positions are marked up on your plan.
- Take note of the direction the door opens as this could affect your layout. If it is a hindrance, your door could easily be re-hung by a professional to allow more flexibility.

Once you have the outline of your bathroom, you can experiment by placing different units within your plan. See page 7 for full details of the different sized units available. If you have an odd space at one end of a run of furniture, for example if fitting between two walls or a wall and a bath, then filler panels can be used. The worktop can run across the top of the furniture between the two walls to create a continuous look. Roper Rhodes storage shelf units are supplied in a flat pack format, allowing your installer to cut down the width of the shelves and base components from the nominal 300mm width so that the unit can be customised to suit any size.

When you are happy with your initial design layout, take it to your Roper Rhodes stockist. Your retailer may come up with some further design ideas which may help inspire you.

Corners

If due to the size of your room there is an odd space, then two pieces of filler panel can be used to space the units as necessary.

Worktops can be fitted together on top of your corner configuration using a mason's mitre jig and worktop jointing bolts. Your bathroom fitter will be able to advise further.

WC Units

The use of a WC unit and concealed cistern can create a clean uncluttered look for your bathroom. Dual flush concealed cisterns available from Roper Rhodes operate by a pneumatic push button which can be sited in the front removable fascia of the WC unit, or on the top of the unit if desired.* Our WC units feature a panel which goes to the floor, removing the need for unsightly filler blocks that are sometimes used to fill the void between the back to wall WC pan and the plinth. As a consequence, it is recommended that when fitting commences, the WC unit height is set first with the other units running off. If the floor of the installation is uneven, then the main fascia panel can be scribed to fit.

If a wall hung WC pan is required, then a suitable supporting frame must be used see page 71. Never fit a wall hung pan directly to the fascia of a WC unit only. Speak to your retailer for more details on compatibility.

Basins

Roper Rhodes semi-countertop basins are available in both slim and standard depth formats and can be mounted on both laminate and solid surface worktops by an experienced fitter.

Slim Depth Furniture

The key units within the Roper Rhodes Fitted Furniture range are available in both standard and slimline formats. Using slimline furniture in small ensuites or cloakrooms can help maintain vital space in the room without sacrificing bathroom storage.

* Only with standard depth WC units. Flush buttons can only be installed on the front fascia of slimline units.

PLANNING TIPS AND ADVICE

Concealing Pipework

One of the benefits of using Roper Rhodes Fitted Furniture is that unsightly pipework can run along skirting boards and walls whilst being concealed behind the units. The furniture is designed with a plinth height of 180mm, which means that even soil pipes can run under the units. Should long runs feature a greater angle of fall, or if the installation has an old soil pipe outlet which is slightly higher, then 50mm extension legs are available for use with 230mm bridging panels (which can also be used in place of standard sized plinths). This will mean that you will have 50mm of plinth visible along the bottom of the WC unit fascia panel.

All standard depth base units feature a generous 50mm void at the back, which allows waste pipes and copper pipes to run along the walls whilst being concealed behind the units. Your fitter will only have to notch out the side panel of the unit where the pipe traverses. In addition to the 50mm pipe void, basin units in both slim and standard depth configurations feature a removable back panel to aid the installation process. (See diagrams below).

Electrics

When planning your bathroom, note where any lighting or electrical supply cables are situated. It may be necessary to move these. It is advised that this work is done after the old bathroom fittings are removed but before the new installation begins. Always use a qualified electrician for any work carried out in a bathroom. Your retailer may be able to advise when to schedule an electrician, or consult your fitter or electrician for more advice. Please note that Roper Rhodes cannot give specific advice on electrical installations.

When planning where to locate lighting, it is vital that the IP rating of the device is taken into account as this will affect which zone of the bathroom the fitting can be located in. Your electrician will be able to advise further on bathroom zones and which electrical appliances can be sited where. Remember to allow for the provision of switching for any new lighting.

It is recommended that, whilst you are at the planning stage, you make an allowance for the installation of a suitable extractor fan to remove excess water from the atmosphere. After the furniture has been fitted, plan for an electrician to come back and install light fittings or electrical devices which are used.

Mirrors

Roper Rhodes mirrors (over 560mm wide) feature heated mirror pads to prevent them from misting up. Your electrician can connect the heated mirror pad to the domestic supply so that the pad is switched on and off when your bathroom lighting is operated. Heater pads should not be connected to a permanently live supply. Please note, mirrors must never be installed above a bath or shower.

Plumbing Voids

PLANNING TIPS AND ADVICE

Filler Panels

Filler panels are available to fill gaps at the ends of runs of furniture and to clad ends of furniture for a perfect match.

Accent Panels

Accent panels are available in slim and standard depth configurations and are 30mm thick (with the exception of the smoked oak panel which is 25mm thick) to give a different look to your bathroom installation. By cladding these to the sides of units, a framed look can be achieved. Use the universal pelmet/cornice along the bottoms of units to create the impression that a longer accent panel has been fitted to create a framed look. Accent panels are 820mm tall, allowing them to run from the floor to the underside of the worktop if necessary. They can be cut down if base units are wall hung. The slim design panels can also be cut down to be used with wall cabinets or wall cupboards.

You can achieve very different effects by contrasting the panels and fascias of units. Matching colours between doors and accent panels creates a subtle yet 'solid framed' look.

Handles

The comprehensive range of handles in the Roper Rhodes range allows a multitude of looks to be created. Move them into different positions on the door, or change their orientation, to create the look you want on your furniture.

Please note that all doors will require your fitter to drill and fit your handles so that you can position them exactly where you want.

Bath Panels

Designed to complement all door styles. Both front and end panels are supplied with a matching plinth which allows for adjustment depending on site conditions. To achieve a continuous look between the furniture and the bath panel, it is recommended that the panel is set at a height of 520mm, so that a plinth height of 180mm is achieved.

Note: Once installed all bath panels must be sealed along the top, bottom and sides with a suitable silicone sealant to prevent damage from excessive moisture.

Corner Posts (For Bath Panels)

Designed to provide a neat joint on an exposed corner of a bath between front and end panels. The corner posts can also be used to allow larger sized bath tubs to be accommodated with the panels available in the range. A corner post will add 50mm in length to a panel, so using two corner posts would allow an 1800mm tub to be installed.

TERMS & CONDITIONS

Roper Rhodes Fitted Furniture must be installed by a qualified fitter. In the unlikely event that your product is damaged or faulty in any way, this must be notified on receipt, and must not under any circumstances be fitted. Time must be allowed between delivery and installation for checking items and the delivery of subsequent replacements. Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is excessive. We shall not be liable for any further unfitting/refitting costs or financial compensation. Components/products that are deemed defective as a result of incorrect or substandard installation or improper or negligent use will be excluded from any guarantee claim. Roper Rhodes Ltd reserve the right to amend specifications at any time if an opportunity to further improve the product occurs.

All dimensions are approximate, especially with ceramic sanitaryware where a tolerance of +/- 2% must be allowed.

Doors and fascias are supplied separately to the furniture units, to prevent them from being damaged during the installation process. Doors are simply fixed by your fitter screwing the necessary hardware to the backs of the doors or fascias and simply clicking into place on the relevant hinge plate inside the unit. Mirror glass cabinets are supplied with doors installed. Doors are supplied un-drilled for handles due to the wide variety of handles and possible positions. Any competent fitter will be able to fit them in the positions which best suit the design of your individual bathroom. All units are supplied assembled with the exception of the storage shelf units (which can be modified if necessary to fit a smaller gap) and the mirror shelf unit.

All timber finishes featured within this brochure are timber effect. Please note that there may be some slight variation between carcasses, doors and worktops due to different manufacturing techniques used.

Roper Rhodes bathroom furniture is designed for use within domestic installations which are adequately ventilated. As with any timber product, bathroom furniture will be adversely affected if it is subjected to excessive moisture. It is strongly recommended that adequate bathroom extractor fans are installed to prevent heavy condensation and all splashes and spillages must be mopped dry as soon as possible. All exposed or cut surfaces must be sealed with a suitable varnish or silicone sealant to prevent blowing. If this is not done, all guarantee claims will be void. In particular, silicone sealant must be used around basins and worktop joints, and around all edges of bath panels and plinths if the sealer strip is not utilised. All electrical products should be installed by an approved electrician in line with current wiring regulations. Guarantees are for domestic use only and not transferable.
