Quality without compromise

The Ariel Single Polished / Brushed Stainless Steel Radiator

The Ariel Double Polished Stainless Steel Radiator

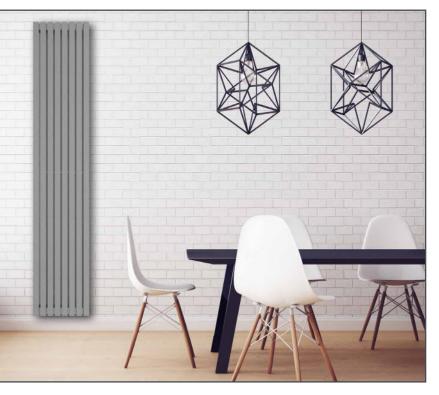

Available in:-Polished or Brushed Finishes 810 x 600 £580 + vat 1300 x 600 £664 + vat **Central Heating Only** Fitting can be left or right handed

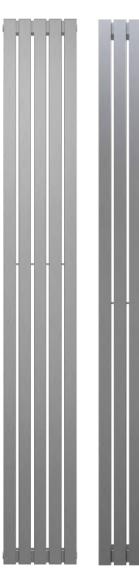

Available in:-Polished Finish 810 x 600 £425 + vat 1300 x 600 £664 + vat Central Heating Only Fitting can be left or right handed

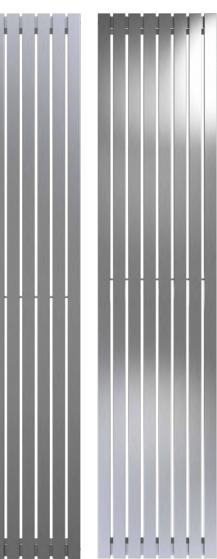

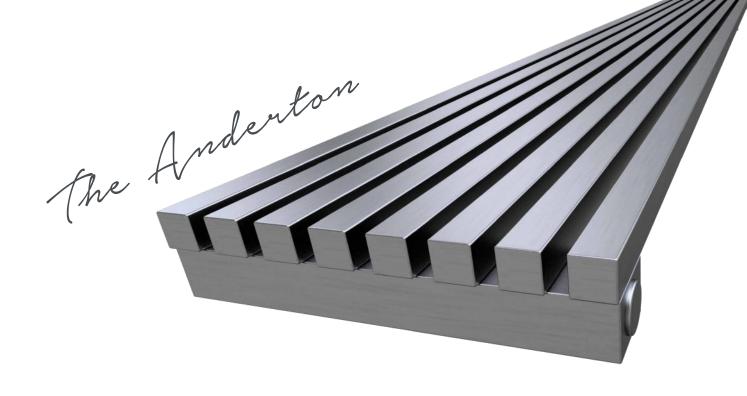

The Alderley Brushed Stainless Steel Radiator

Available in :Brushed finishes
1800 x 240 £662 + vat
1800 x 340 £688 + vat
1800 x 390 £708 + vat
Central Heating Only

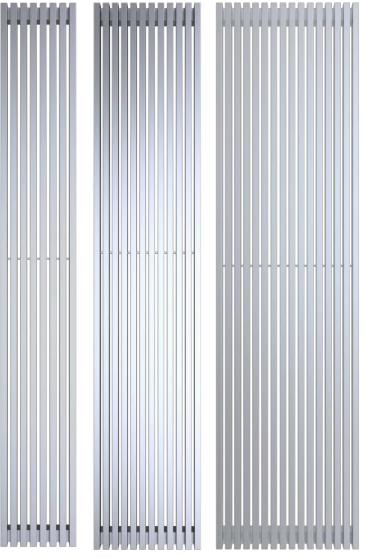

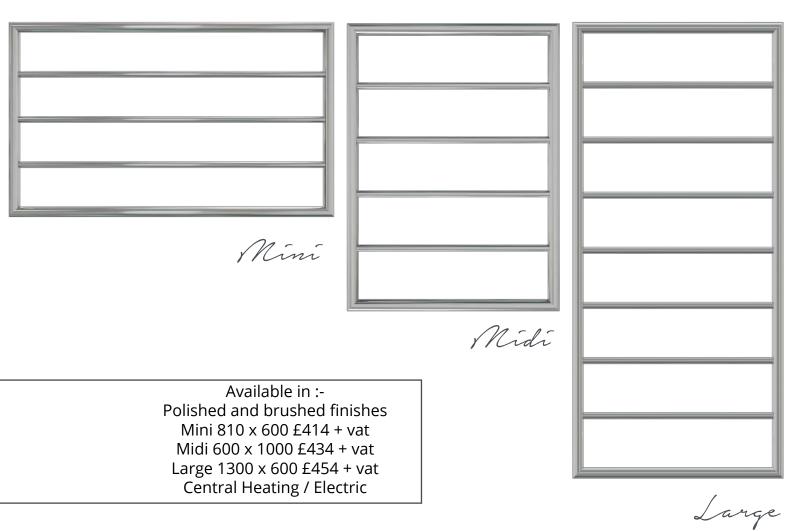

The Anderton Brushed Stainless Steel Radiator

Available in :-Brushed Finishes 1800 x 230 £700 + vat 1800 x 350 £812 + vat 1800 x 470 £924 + vat Central Heating Only

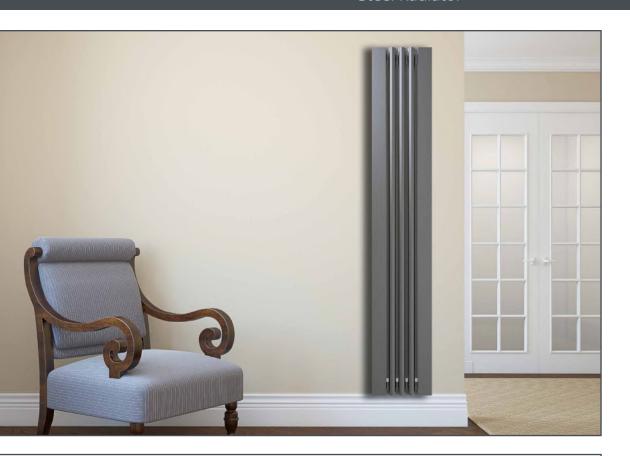

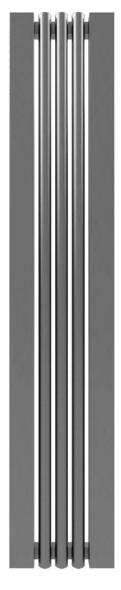

The Deva Brushed Stainless Steel Radiator

Available in:-Brushed finish 1800 x 340 £1080 + vat 1150 x 340 £880 + vat Can be supplied with feet for floor standing (bespoke option) **Central Heating Only**

The Eddisbury Brushed Stainless Steel Radiator

Available in :-Brushed finish 1800 x 250 £900 + vat 400 x 1041 £1152 + vat Central Heating Only

Bespoke

All our radiators are handmade. This is an incredible skill and one which gives us a unique ability to create a product which suits individual requirements.

We may have a radiator in our range whose dimensions just need altering to make it an absolute fit, we can do this.

Perhaps the finish of the radiator you would prefer to alter, have brushed rather than polished or a combination of the two?

If you want to make the ultimate statement, why not design your radiator yourself?

We can offer contract specification radiators for housebuilders through to unique design statements for interior designers and architects.

Our engineering team are on hand to work with clients to ensure that what they require can be made, but more importantly will perform adequately in the way it is expected.

Our deliveries arrive from the factory every 4-6 weeks allowing us to be able to customise your product with a quick lead time.

All bespoke ideas/orders are drawn in AutoCAD for customer approval before manufacturing takes place giving the opportunity for last minute checks and alterations.

These can be up-scaled to rendered 3D images for inclusion in design walk throughs for ultimate customer experience.

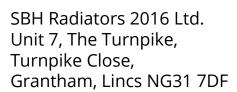

Colour match powder coating

Our standard range of radiators are available in 4 powder coated colours, Anthracite, White, Mocha and Latte.

Our powder coating partner can colour match almost anything to a RAL reference giving clients the ultimate opportunity to make their radiator blend and compliment other materials in the bathroom or living space.

You will find our rates for this services are competitive and lead time is approximately 2 weeks.

We have found that Powder Coating a radiator improves the output by as much as 35% so being able to use a slightly smaller radiator may be a solution to a small space.
