The background of the image is a serene landscape. In the foreground, a calm body of water reflects the sky. The middle ground features a range of mountains with silhouetted trees and a few tall, thin cypress trees. The sun is low on the horizon to the right, creating a bright glow and lens flare. The sky transitions from a pale blue at the top to a warm orange near the horizon.

tissino

Designed to Inspire
Made to Experience

Bathroom collections inspired by our passion for Italian design and flair

Tissino is an Italian inspired brand of stylish and contemporary bathroom products serving boutique showrooms, architects and specialist bathroom contractors. We endow excellence in both value and service in all our relationships.

Founded from the desire to join attention to detail with passion for the creative process, Tissino takes inspiration from the Italian love of water and design to produce stunning collections that create bathrooms to a standard never imagined before.

Built into the Tissino products is a longevity born of meticulous design procedures, rigorous performance and strength testing and refined production processes.

We go to great lengths to source the finest raw materials some of which are on our doorstep, others of which are located further afield in Europe and wider still.

Over the years we have developed a culture of excellence and continuous improvement in bathroom innovation. We are proud of our product range and certification we have secured.

Tissino produces only the highest quality products that are beautifully designed, easy to install and engineered to last.

Our Origins

Tissino was founded in order to design and manufacture the most beautiful and innovative bathroom products for customers and projects across the globe.

Our journey has seen us grow from a small company trading in a cluster of barns in the Cheshire countryside to a widely recognised brand focused on delivering premium products and exceptional service.

Italian design is our passion and at the heart of everything we do, in fact the Tissino brand is derived from the Tissino river, a small watercourse that runs through the magnificent mountainous valleys of eastern Umbria in Italy.

Tissino is still family owned, still passionate and still dedicated to providing luxurious and tranquil bathrooms.

TISSINO | Contracts

At Tissino, our dedicated contracts team co-create with architects, property developers, contractors and interior designers to realise stunning contemporary bathroom packages for residential projects.

Our professional service package includes working together on room layout, best product, complementary accessories, programme scheduling, and aftersales service, helping to guarantee premium finished bathrooms.

Expertise

Our contracts team has a wealth of experience and offer reliable, bespoke, expert advice on what bathroom design is most suited to your project. Get in touch and make an appointment to visit our Tissino Experience Centre for a consultation with a member of the team.

Project Briefing

Our focus is listening to and understanding your requirements. Only when we understand your vision, will we start to provide advice on room designs, best use of space and Tissino bathrooms that meet your project brief.

Room Design

We can provide 2D room design layouts for setting out on site and 3D CGI's for marketing use.

See more projects at: www.tissino.co.uk/news/casestudy

Tissino Experience Centre

Specification Design

We produce detailed sanitaryware schedules by room type and plot number with an overall cost summary for the project.

Stock Holding

Once a project order has been placed, we will hold all stock for the complete project awaiting call-off. We will make sure you have everything on site when required enabling you to complete install without worrying about storage.

Delivery

We work with you to agree a flexible delivery schedule that suits the demands of your site. All products can be labelled with plot number and room type to assist with a smooth unload on site, minimising the need to move product around on site.

Tissino Experience Centre

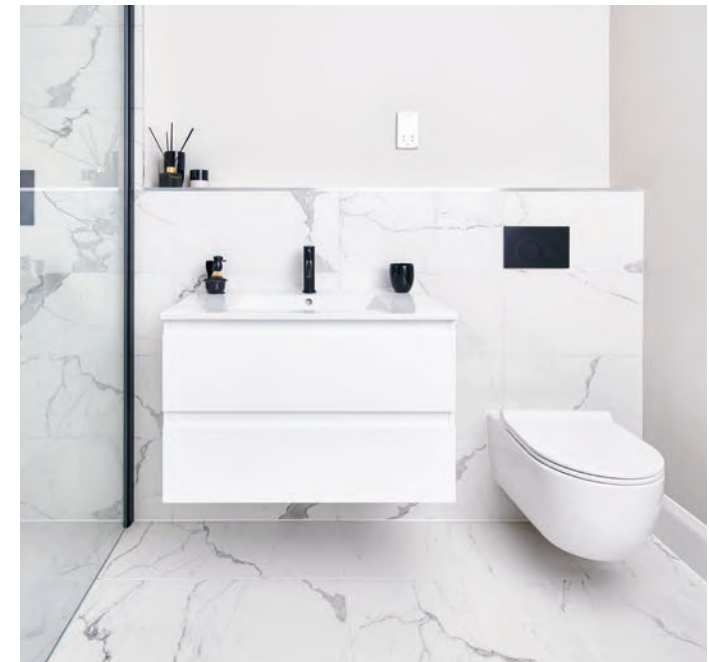

Barcheston Road - Cheadle

Barcheston Court is an exclusive development of four superb semi-detached homes in Cheadle.

Tissino were delighted to work with Henderson Homes on this project to supply contemporary Italian designed bathroom fittings. The Tissino package included all aspects of the bathrooms – furniture, sanitaryware, brassware, baths, showers and towel rails.

Henderson Homes enjoyed the full benefits of the Tissino professional services offering from the initial project briefing through to specification design, 3D room design, stock holding and delivery. Tissino can take a development project in hand from the start to ensure completion is hassle free, on time and on budget.

“The quality and attention to detail from Tissino is second to none. Ordering from their extensive range which is easily on par with established competitors.

The process is simple and efficient, with an excellent customer care team following up any issues. As a trade customer delivering bathrooms across the housing demographic I would be hard pushed to find fault with such a reputable supplier.”

Max Henderson, CEO

Furniture Collection

From crisp clean lines to cool elegant curves, Tissino's bathroom furniture encapsulates the very best in Italian inspired design. Each item combines superior aesthetics with high quality workmanship and functionality to create furniture that not only looks the part, but also works superbly day after day.

Generously proportioned storage units offer plenty of space for bathroom essentials, while beautiful washbasins add a sense of style to daily washing routines. Choose from classic dark finishes or add a lighter touch with gleaming white. Either way, Tissino furniture always makes a winning statement.

Loretto

The Loretto collection of bathroom furniture from Tissino is the epitome of stripped-back, undemonstrative design, but at the same time its calm confidence lends even the most functional items a real presence.

The compact, wall hung basin units are available in two sizes, in either gleaming glossy white or a gorgeous soft grey shade. A single soft-close drawer provides plenty of space for handy bathroom storage while the sleek, handleless design maintains the overall purity of form.

- / Contemporary style
- / Easy access drawer
- / Designed with modern lines & slim edges
- / 10 year guarantee

Velino

Our Velino collection fuses freedom and elegance with the very best in cool, minimal design to create a range that brings real panache to the bathroom.

See inside cover for product features key

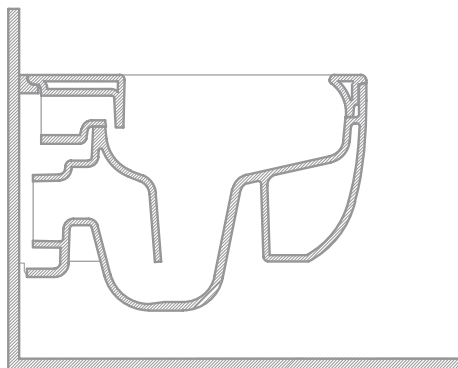

*We also carry a complete range of Rocco wallplates and framed cisterns to complement the Tissino Sanitary collections.
Please see pages 44 - 51*

Consisting of two exquisitely curved rimless WC pans, the Velino collection transforms the item's essential form and function into objects of sculptural beauty. Select from either the standard pan or the short-projection option, and benefit from the enhanced sense of space that comes with a wall hung design.

These rimless pans also make for easier cleaning, reducing detergent consumption compared to standard WCs.

Savuto

Winding its way through the Savuto valley, the Savuto river is one of many waterways that runs through Southern Italy. After flowing 48 kilometres from its source in La Sila, the Savuto empties into the Tyrrhenian Sea at the Gulf of Saint Euphemia. The Savuto range takes inspiration from the grace and beauty of this landscape, combining square, rimless design with modern functionality that complements any bathroom.

SAVUTO | Back to Wall WC

The Savuto back to wall pan is a masterpiece of design and function, the rimless pan makes for easier cleaning, reduces detergent consumption and only needs 4 litres of water for a full flush. Installed in conjunction with a concealed cistern from our Rocco collection, the back to wall pan can sit against a wall – with the cistern hidden on the other side of the wall where space allows – or against a piece of furniture, with the cistern concealed inside. The Savuto back to wall pan is designed to be used with the soft close seat from the same collection.

Rocco

Rigorously tested and very highly certified. The Rocco range from Tissino is essential for the contemporary bathroom.

Framed and concealed cisterns used with wall hung or back to wall toilets create a greater impression of space. Rocco cisterns are easy to fit, easy to maintain, quiet and highly efficient.

BRASSWARE

52

Brassware Collection

The delivery of water is the fundamental function of any bathroom, and Tissino takes care to ensure this basic task is carried out with style and elegance. Good looks and superb performance apply across the board, even down to the waste fittings and overflows, bathroom beauty is never compromised.

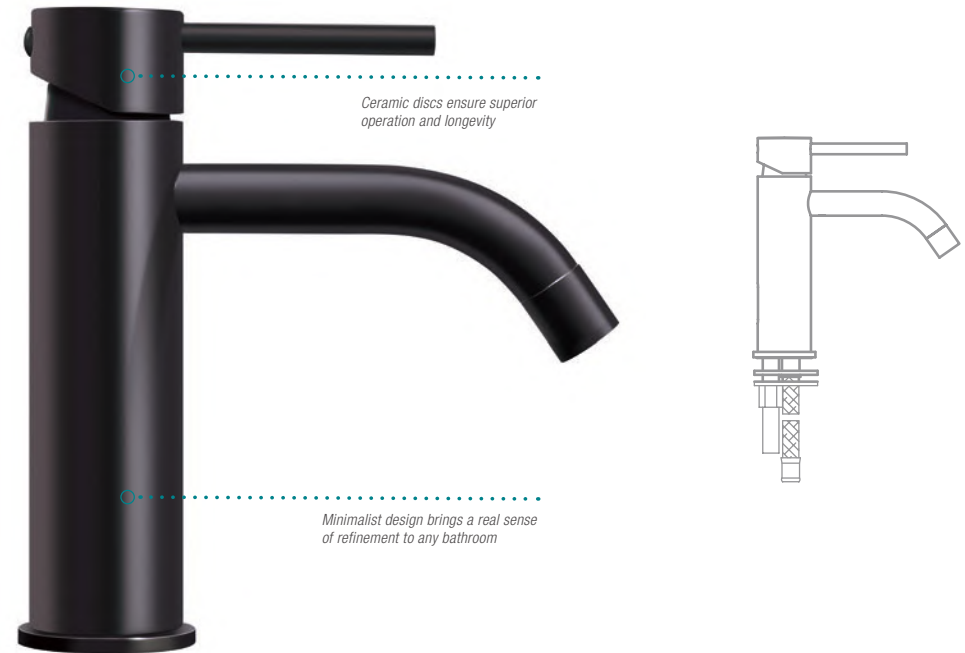

From basin mono taps in a variety of luxurious finishes to mixer taps, bath sets, shower heads and shower arms, this is brassware of the very highest quality.

Parina	54

Alek	86
Stylish bath fillers and waste	
Mario	88
Shower brassware	

Parina

Grand gestures are made up of small details, and a luxurious, welcoming bathroom is the sum of the design decisions made throughout the space. Our Parina collection is designed to ensure that every element works harmoniously across the whole bathroom, whether that's with an elegant, beautifully proportioned basin tap or a smooth push-operated waste fitting.

In addition to the pristine sculptural styling you always expect from Tissino, the Parina collection offers a choice of surface finishes and colours, allowing for the fullest expression of the designer's art.

The Parina collection brings a real sense of refinement and elegance to the bathroom from slim, high spout taps to concealed basin mixers and bath sets in a range of styles. Thermostatic shower valves are also available, featuring exquisite round handles that are a pleasure to operate.

From gleaming chrome through to steel, matt black, rose gold and more, the collection adds variety and interest to the bathroom, even in the most functional of areas.

Our Parina collection may exhibit high quality minimalist design, but there's nothing minimal about the choices available throughout the range.

Bavera

Designed around a smooth cylindrical tap post, each Bavera mono tap features a soft square spout and a designer handle.

There are two tap styles available in the collection – a standard fitting in a choice of gleaming chrome or stylish matt black, or a high spout option with a taller, slender profile.

The Bavera range is inspired by the very best in Italian design and whatever option you choose it will add an extra touch of elegance.

Savena

The Savena collection from Tissino is a perfectly pure expression of the belief in the power of simple design.

Comprising of two sleek formed mono taps based on cylindrical design principles, the products are ideally suited to spaces in which both style and function work in harmony.

Select from either a standard size option or a taller, slender high spout tap. Either way, Savena products feature high quality components and premium materials, with a beautiful smooth chrome finish. This is high performance brassware that adds a touch of style and grace to any bathroom, creating spaces in which anyone will enjoy spending time.

PACATO | Basin Tap, Bath Mixer & Bath Set

If the essence of a bathroom is the water that flows through it, the tap is the ultimate source. Tissino's Pacato collection allows the humble tap to play a role deserving of its importance, bringing the finest Italian design that looks exquisite and performs like a dream.

The Pacato collection is designed with striking good looks in mind, with elegant chrome styling and a clever combination of crisp lines and soft curves.

Tenza

Starkly minimal geometric design has been a hallmark of the modern world ever since the modernist movement stripped away the florid decoration of previous eras. In the famous phrase, 'form followed function', with simple angles and unadorned surfaces combining to create a cool, unfussy elegance.

The devotion to geometric principles in architecture and design shows no sign of falling out of favour, and our Tenza collection exemplifies the understated beauty that can result when simple forms are allowed the fullest expression. This range of styled mono taps, basin mixers and bath kits are designed with the same singular vision as some of the finest modernist construction in the world.

Mario

The Mario collection from Tissino combines all the elements required to create the ultimate in luxurious showering. From subtle, sculptural shower controls to exposed thermostatic mixers and stunning, high performance shower heads in a range of styles.

Even the most functional elements, such as handset holders and outlets, have been created to complement the rest of your design-conscious bathroom surroundings.

See inside cover for product features key

A wide range of slide rail kits and shower heads are available

Chrome slide rail with classic round profile and unique concealed outlets that eliminate the need for outlet elbows

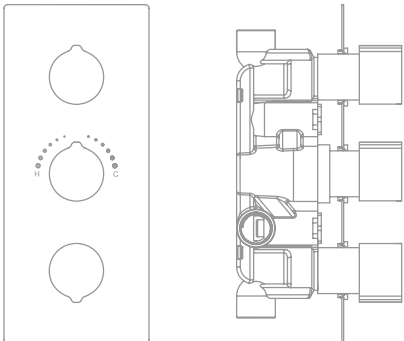

/ Mario Slide Rail with Square Monofunction Head

/ Mario products can be used in many different ways so that your shower is tailored exactly to your needs.

Classic rain drench style shower head ensures an invigorating shower experience

Concealed triple handle thermostatic shower valves

Matching square triple handle thermostatic shower valves complete the contemporary look

Square slide rail kit with clean sharp lines

Mono function head with 40 shower jets gives a contemporary look to any bathroom set

Classic look braided shower hose
* Smooth option available

Whether your shower is located above your bath, or in its own show piece cubicle or alcove, the Mario collection includes superbly designed and manufactured parts that ensure the aesthetic is never lost. Shower arms can be ceiling or wall mounted, while the heads themselves are available in sumptuously styled round or square options. Slide-rail mounted heads add further flexibility, allowing you to create the perfect showering set-up for your home.

MARIO | 650mm Slide Rail Kits / Concealed Outlets

The Mario concealed outlet slide rails feature a water inlet in the bottom mounting bracket, this means faster installation times and a tidier finish.

Bathing Collection

As probably the largest single item in the bathroom, a bath has a key role to play in the overall visual effect. Tissino baths are designed to exude style and elegance despite their size, ensuring that this bathroom centrepiece complements the rest of the furniture perfectly.

Luxury and comfort are also important, and our baths are designed to welcome those who love an indulgent soak. A range of beautiful bath screens add further functionality where required, with the high quality glass helping to keep water at bay.

Featuring innovative Brillo Vetro technology	

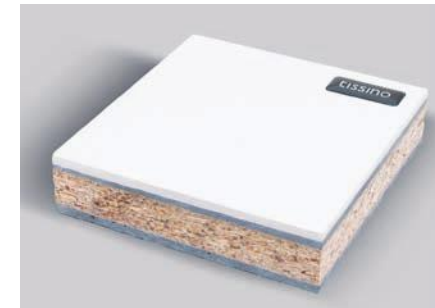

Perma Bianco

Perma Bianco bath panels are manufactured using a pliant acrylic and are an innovation that overcomes unsightly discolouration in bath panels. Our Tissino panels include a wooden core and a layer of resin reinforcement, this provides a highly robust rigid bath panel that is flat and will always maintain its beautiful finish. The acrylic runs right around the edges of the panel to allow for trimming if necessary.

NO MORE UNSIGHTLY BATH PANELS

A unique fixing system holds the panels tightly together in the corners to create a finish that is aesthetically pleasing. Various sizes are available that will fit all of our Tissino baths.

The Perma Bianco finish ensures that bath panels stay white and will not discolour over time, even if exposed to sunlight.

Even stronger and warmer for longer

Lorenzo

Our Lorenzo collection of elegant baths brings a sense of effortless ease and comfort into the bathroom. Designed around simple square forms, and available in a range of different configurations to suit a variety of room designs, the Lorenzo baths represent the ultimate in indulgent bathing.

All baths in the collection are manufactured from high quality acrylic with a naturally warm-touch surface – so there's no need to fear dipping into the depths, even on the coldest mornings. If you like to add a little aromatic fragrance to the water, go ahead, as the easy clean surface is safe for bath salts and oils. It's slip resistant too for added confidence and peace of mind.

ANGELO | Acrylic Freestanding Bath

Few things in life are as luxurious as an indulgent soak, and this Angelo freestanding bath is the perfect place to sit back and relax in Italian-inspired style.

Designed to complement the rest of the Angelo collection, the bath's beautifully crafted yet restrained curved styling oozes elegance, with its high sides and smoothly rounded form enveloping and embracing the bather.

Manufactured from high quality acrylic with a high overflow position, the design features an integrated waste and support system. Once installed, it can be enjoyed in comfort and confidence for a long time to come.

Stone Freestanding Bath | ANGELO

It may be disarmingly simple in form and subtly elegant in conception, but the Angelo Stone Freestanding bath forms an effortlessly breath-taking centrepiece to any contemporary bathroom.

Expertly crafted from natural stone resin, the double ended bath offers the ultimate bathing experience in larger bathrooms where its freestanding design can be accommodated. With its exquisitely curved form, it offers superior luxury and comfort for all those who love to sit back and soak away the day's cares.

Featuring integrated waste and support systems, and backed by a 10 year guarantee, this bath is a masterpiece of style-conscious bathroom design.

Londra

There are two differently sized baths in the Londra collection, both manufactured from premium grade acrylic with its characteristically warm-to-the-touch comfort and seductive sculptural form.

The baths are double ended for flexibility, and have been designed to maximise the internal bathing space with slim rims and plenty of room. Not that the slimline features make for a lack of strength, these are sturdy baths designed for both function and comfort.

- / Perma Bianco
- / Available in 2 sizes
- / 10 year guarantee

See inside cover for product features key

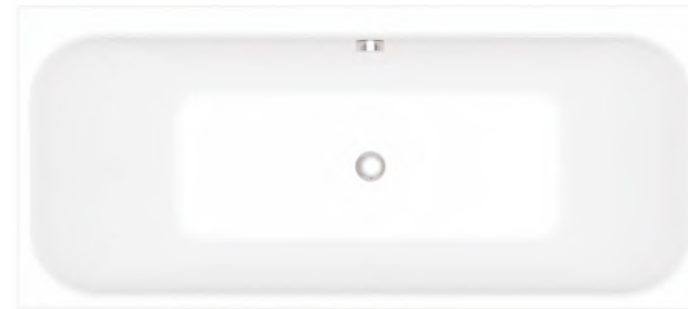

Double Ended Bath | LONDRA

Design ingenuity lies at the heart of the Londra premium double ended bath. The bath is built to maximise internal bathing space, with the slimmest rims achievable allowing for long, luxurious bathing – or a quick wash down if time is tight.

The top grade acrylic is strengthened by a robust and rigid supporting system, while efficient insulation helps keep temperatures from dipping.

Available in two size options, the bath is supplied without tap holes, allowing for installation in a range of bathroom locations. As with all Tissino bathroom products, a 10 year guarantee helps add additional peace of mind to the pleasure of beautiful design.

Messina

The Messina Series of bath screens are supplied in 6 & 8mm glass thickness and are protected with the unique Brillo Vetro coating to ensure resistance against soap deposits and aid easy cleaning.

The single and double panel versions feature a rise and fall hinge allowing the seal to lift on and off the bath rim to prevent wear and ensure a tight seal. Messina screens are tested to EN14428 and include high quality die cast chromed hinges.

- / 6 or 8mm Brillo Vetro glass
- / 1500mm high
- / 20mm fitting adjustment
- / Tested to EN14428
- / 6mm features a rise & fall hinge that allows the seal to lift on & off the bath rim to prevent wear & ensure a tight seal
- / Chrome metal hinges
- / 10 year guarantee

See inside cover for product features key

Brillo Vetro is an additional process that our glass is subjected to, which enhances its technical performances and maintains its condition by making it easier to clean, resisting the build up of soap and water deposits. If cleaned regularly, the shower will stay looking like new for many years.

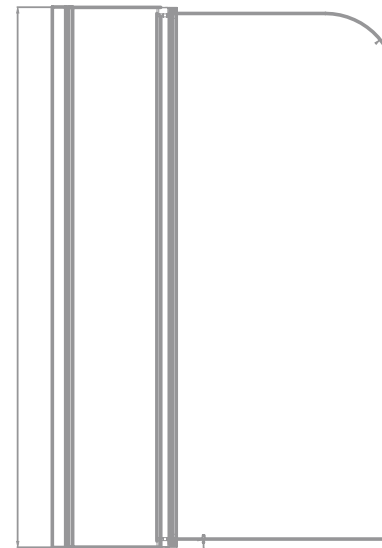

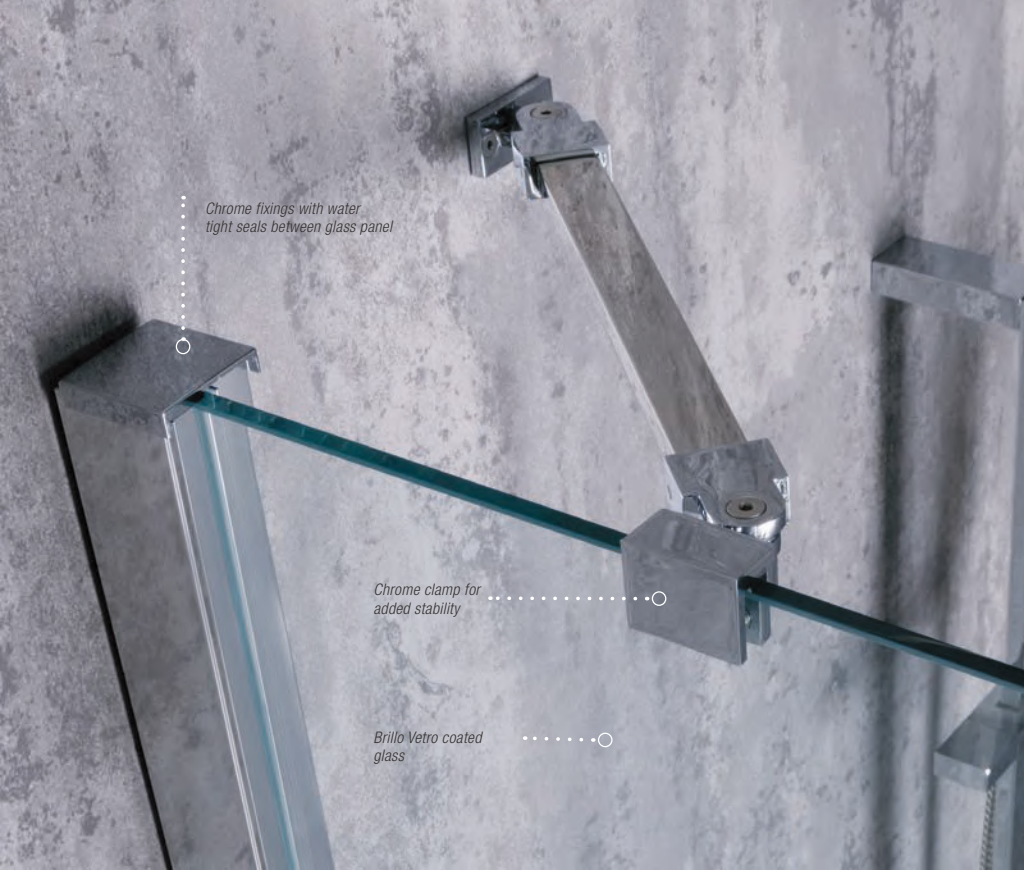

/ Messina Hinged Double Bath Screen

Bath Screens | MESSINA

Bathrooms come in a variety of styles and layouts, so the Messina collection includes a range of sizes and formats. Whether you choose a simple single panel screen or a hinged double panel version – with either a square or curved corner – the Tissino commitment to quality is always the same. Tight seals keep water under control, while a 20mm fitting adjustment helps make sure that installation goes smoothly.

High quality glass is a must for an effective bath screen, and all the products in the Messina collection feature specially manufactured glass sheets of proven strength and safety. With such good-looking glass, the protective Brillo Vetro coating adds further enhancement, resisting the build up of soap deposits and making the screen easy to keep clean.

The quality of materials and manufacturing is a given with all Tissino products, and the 10 year guarantee that accompanies every Messina bath screen ensures peace of mind for a long time to come. With superb performance and stunning aesthetics, the Messina collection reflects the very best in Italian inspired design.

SHOWERING

124

Showering Collection

Showers can have a variety of roles in a busy household, from being space-saving extras that make functional use of a handy alcove, to being the centrepiece in a large, contemporary bathroom. Either way, Tissino's showering range delivers products of the highest quality and premium aesthetics.

From elegant, robust glass panels to beautiful yet tough shower trays, Tissino helps to create exceptional showers for all kinds of spaces, all with quality at their heart.

Giorgio Series

Giorgio2 128

A wide range of slate effect, minimalistic stone resin shower trays available in three colours with an optional colour matched grate.

Giorgio Lux 132

Stylish stone resin shower trays with slate effect finish, available in three colours and an integrated maxi flow waste outlet

Giorgio Wall Panels 134

Natural slate effect shower wall panels in three colours that create an inviting shower enclosure.

Armano

Shower Glass 136

A versatile range of Brillo Vetro glass panels and support system.

Shower Trays 138

Low level trays and wastes.

Lugano

Frameless Hinged Shower Doors 148

Minimalist, clean, clear shower doors and side panels with frameless design and 8mm Brillo Vetro glass.

Rivelo

Shower Enclosures 150

Four superb styles, in a well thought out range of sizes, has established Rivelo as a firm favourite.

Giorgio

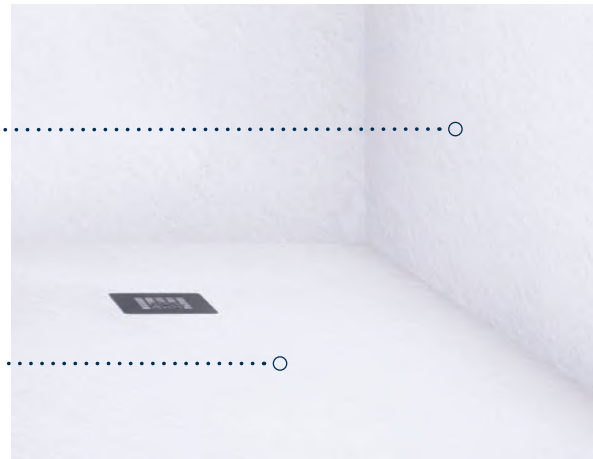

When it comes to taking a refreshing shower, it's easy for the elegance and beauty of the shower fitting to attract all the attention. However, it's important to remember that a perfectly performing shower is about much more than simply the source of the water. What lies underfoot is just as important, and is crucial to the continuing daily pleasures that a good shower can deliver.

Chrome grate supplied as standard

10mm thickness, featuring a natural slate finish

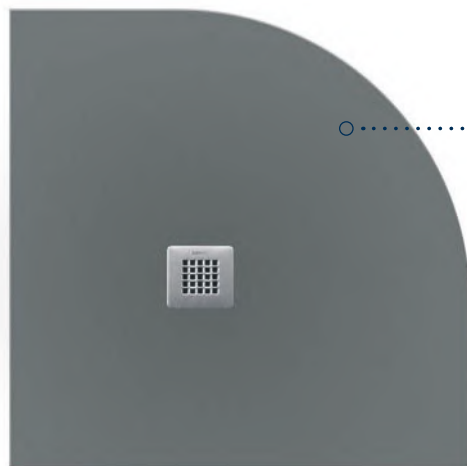

Highly durable, scratch and slip resistant surface with polyester resin core and gel coat cap

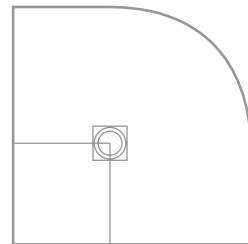

Colour matched grates available

Giorgio shower trays are available in a range of neutral colours – either white, grey or graphite slate effect. A wide range of sizes are available, allowing for the product to be matched perfectly with the room dimensions. Each Giorgio2 shower tray also includes a 100mm border that can be trimmed away if necessary in order to accommodate obstructions or off-square walls.

Whichever stylish colour you choose, your Giorgio shower tray will provide many years of comfort, strength and practicality, all inspired by the same qualities of Italian design flair that can be seen and admired throughout our Tissino collections.

Beautiful natural slate finish in three colours

Our Giorgio collection of high quality shower trays and wall panels are designed to combine immaculate good looks with durable, long-lasting performance. Manufactured using hard-wearing stone resin, all our Giorgio shower trays feature an exquisite stone surface protected by a unique gel finish. They are naturally slip resistant – very important in such a potentially hazardous environment – and comfortable too.

Integrated maxi-flow waste outlet, channels water away discreetly and efficiently

Giorgio Lux tray

Giorgio2

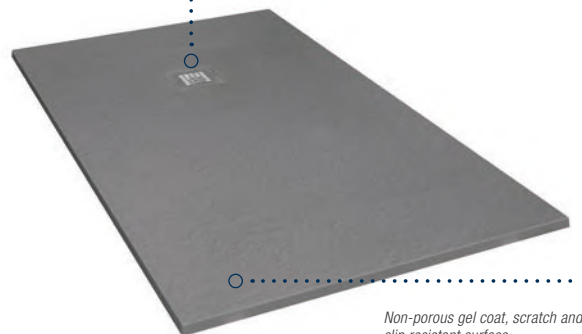

Giorgio2 is a minimalist designed tray featuring a beautiful natural slate effect, available in three luxury colours and a wide selection of sizes.

A chrome grate is supplied as standard, alternatively a colour matched grate can be purchased to add that extra touch of class.

- / Beautiful natural slate effect finish
- / Highly durable, scratch & slip resistant surface
- / Solid colour throughout the entire non-porous gel coat finish & resin core
- / One free tube of colour matched adhesive & sealant with every tray
- / Includes a 34 l/m waste valve & stainless steel grate
- / Colour matched grates available
- / Wide selection of sizes
- / Edges can be trimmed up to 100mm
- / 10 year guarantee

Giorgio Lux

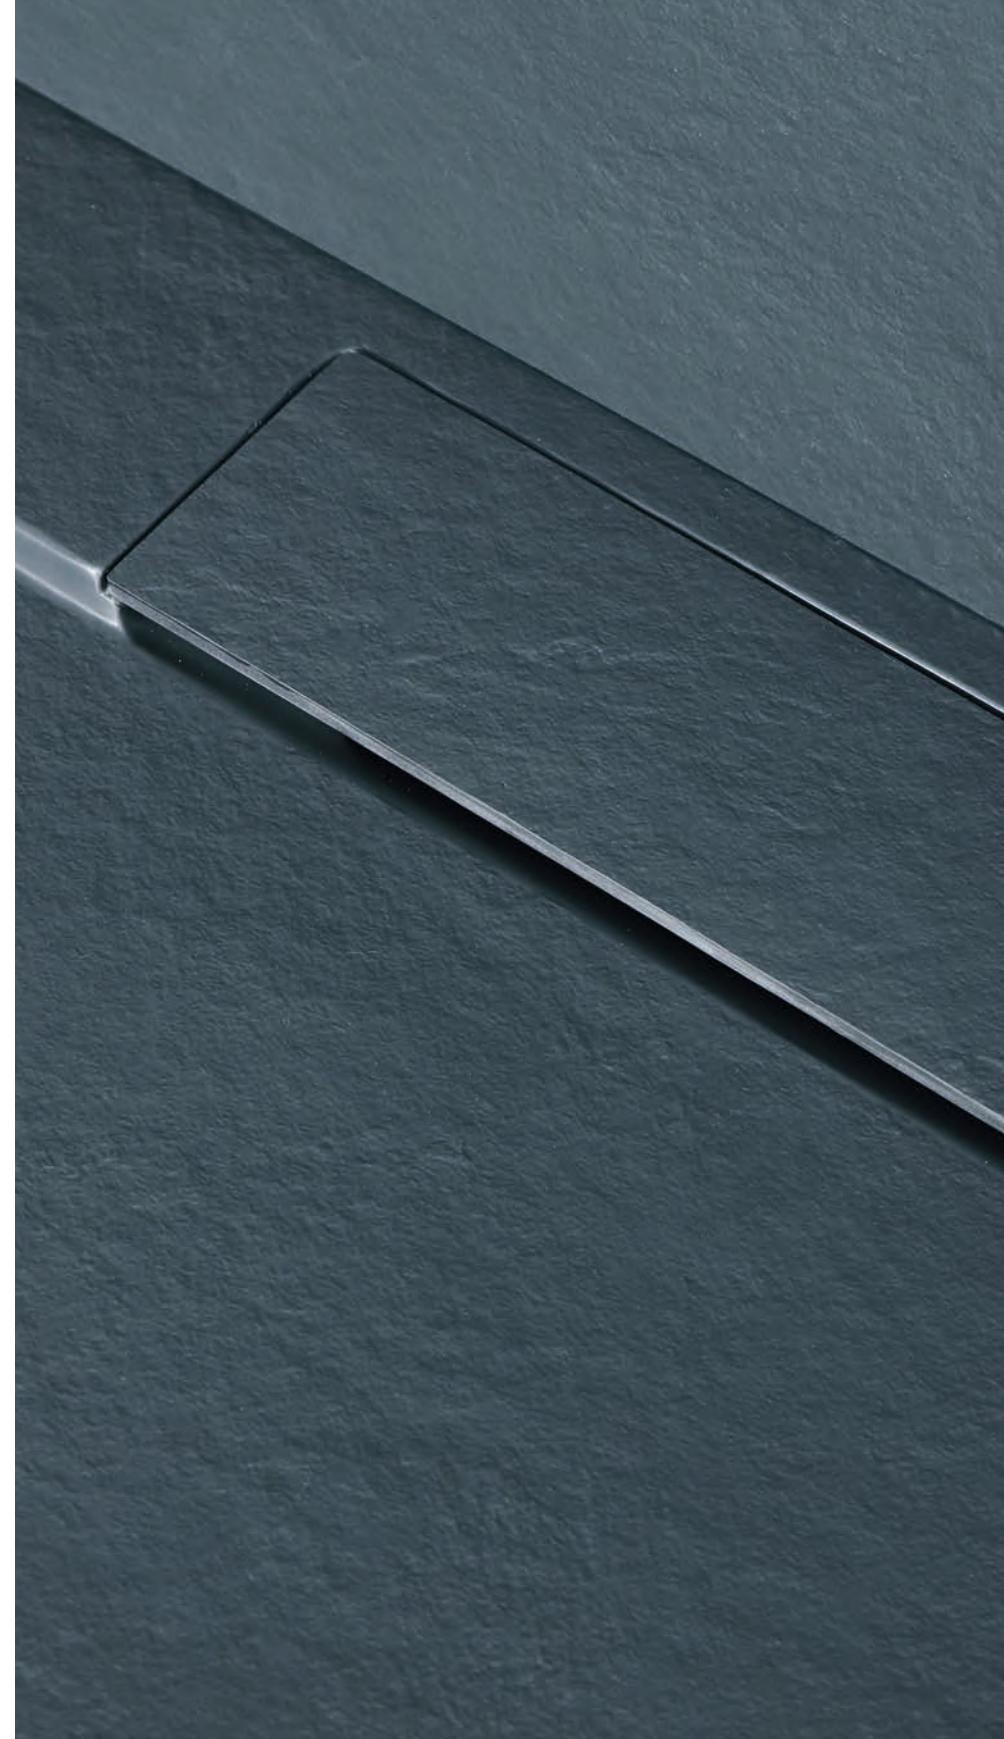

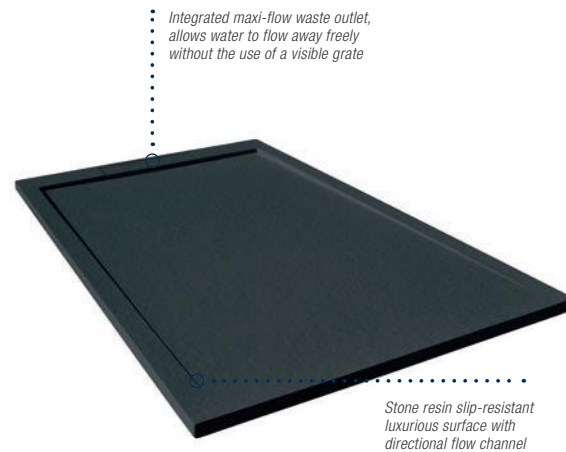

There's a unique design feature built into the Giorgio Lux shower tray, a detail that ensures water flows away freely without the use of a visible grate. This stylish stone resin tray is designed with an integrated maxi-flow waste outlet, so as the water hits the surface, it is channelled away discreetly and efficiently.

It's just one more reason to love this exquisitely styled shower tray with its coolly understated slate effect finish. The luxurious material resists scratches and provides users with the perfect place to enjoy their shower – a sleek, slip-resistant surface that adds a touch of class to any shower enclosure.

- / Beautiful natural slate effect finish
- / Highly durable, scratch & slip resistant surface
- / Solid colour throughout the entire non-porous gel coat finish & resin core
- / Unique hidden & maxi-flow waste design
- / Wide selection of sizes
- / One free tube of colour matched adhesive & sealant with every tray
- / 10 year guarantee

Giorgio Wall Panels

The luxurious natural slate finish of the Giorgio wall panels adds a stylish focus to any bathroom, often used to create an inviting shower enclosure that is durable and easy to care for.

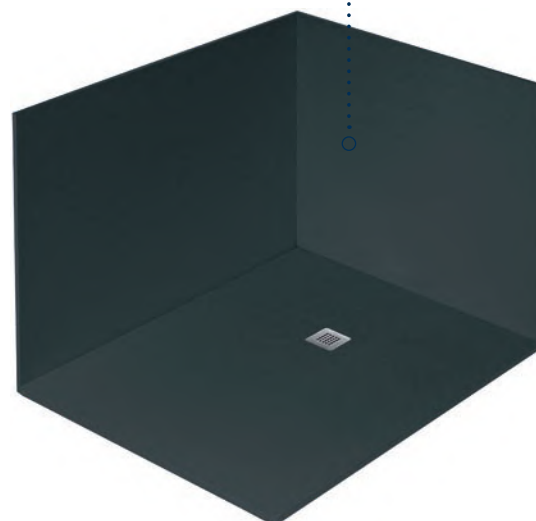

With two size options available, the wall panels are 10mm thick and feature solid colour throughout, so whether you choose contemporary graphite, pristine white or the cool, understated grey, you can be confident that your enclosure will always look its best.

The wall panels are designed to perfectly complement the shower trays in Tissino's Giorgio collection, as well as the range of colours and sizes that work equally well with other bathroom style choices. Their presence is intended to be a long-lasting pleasure, with a ten year guarantee to uphold the craftsmanship.

- / Beautiful natural slate finish
- / Solid colour throughout the entire non-porous gel coat finish & resin core
- / 10mm thickness
- / Solid colour throughout
- / 10 year guarantee

Armano

The ultimate shower. Armano walk in shower enclosures can be optimised exactly to your requirements.

You can relax with the peace of mind of knowing that sturdy fixings and 8mm Brillo Vetro glass from Tissino is guaranteed to remain clean and create a minimalist touch to your bathroom.

- / 8mm glass with Brillo Vetro protection
- / 2000mm in height
- / Chrome plated solid brass clamps
- / Aluminium profiles
- / Can be fitted to floor or tray

See inside cover for product features key

Brillo Vetro is an additional process our glass is subjected to. This process enhances its technical performance and maintains its condition by making it easier to clean, resisting the build up of soap and water deposits. If cleaned regularly, the shower will stay looking like new for many years.

Tissino Quality Mark indicates the highest possible standards in product testing and finish.

Optimise your space with a luxury enclosure that's tailored exactly to your requirements. Sturdy fixings and 8mm glass make this stunning range ideal for any setting.

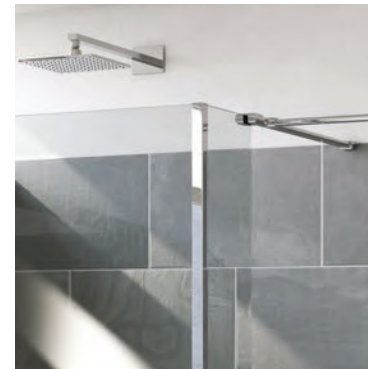

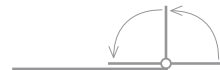

The Armano Series can be mounted on to a tray or fixed straight on to the floor when used in conjunction with a wet room kit.

All Armano Series shower enclosures come with our 10 year Tissino guarantee, as standard.

/ 300 Hinged return panel

Great for smaller spaces to control water splash and can be folded away after use.

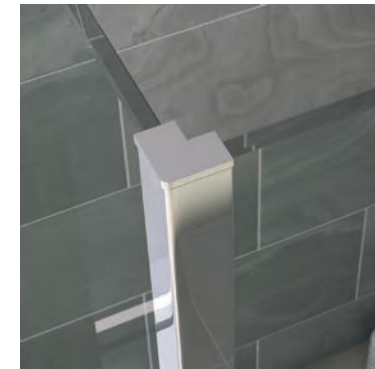

/ 250 Fixed return panel

Used to add that extra design feature and to prevent water from splashing outside the shower enclosure.

Includes dedicated glass clamp, foot & corner profile.

/ Corner connecting profile

Use a corner connecting profile to attach two shower glass panels together at 90 degrees. Includes cover cap for premium finish.

/ Bar clamp

Use this neat component to attach two arms at right angles to each other.

/ Ceiling support arm

Used to avoid obtrusive horizontal arms and create a spacious feel in the enclosure.

/ Support arm

High polished aluminium support arms can be cut to length allowing flexible design and rigid support. Includes wall fixings.

/ Glass clamp

A robust chrome coated brass clamp used to attach the support arms to glass panels.

Lugano

The Lugano collection from Tissino features exquisitely crafted shower doors and panels that help create a space in which you can make the most of your reverie. Designed to provide a minimalist, clean and clear enclosure, the frameless styling surrounds you in strong 8mm Brillo Vetro glass while creating a thrilling sense of lightness and transparency.

- / 8mm glass with Brillo Vetro protection
- / 2000mm in height
- / Minimalist wall profiling
- / Concealed wall fixings
- / Chrome plated metal designer hinges
- / Suitable for corner & alcove installations
- / EN14428 compliant

Brillo Vetro is an additional process that our glass is subjected to, which enhances its technical performances and maintains its condition by making it easier to clean, resisting the build up of soap and water deposits. If cleaned regularly, the shower will stay looking like new for many years.

Splendore series see page 162

Cabinets include Infra-red sensor & pre-fitted, adjustable glass shelves – perfect for all those bathroom bits & pieces you prefer to shut away out of sight.

Lustre Series features; shaver socket, soft close hinge, built in demister & infrared sensor. See page 168

Borderless reflective surface delivers a crisp, clear image to complement any bathroom

Splendore

Our Splendore collection consists of high quality illuminated mirrors that make it a pleasure to reflect on your surroundings.

At the heart of each Splendore mirror is a sheet of high quality glass designed to deliver crystal clear reflections without distortion or defects. Integrated slimline LED lighting strips round the edge of the mirror throw light onto the face to improve the reflective performance, assisting with intricate shaving or make-up routines. Conventional mirrors can suffer from fogging of the glass, the Splendore collection offers a technological solution to this age old problem.

All models feature a heat pad situated behind the glass that helps guard against the formation of condensation – a modern-day remedy that helps maintain the mirror's high performance under all kinds of conditions.

- /Energy efficient LEDs
- /Infrared sensor
- /Landscape / portrait orientation
- /Built-in demister
- /Power supply 230/50Hz
- /IP44 rated
- /10 year guarantee
- /2 year guarantee on all electrical parts

Lustre

The Lustre collection from Tissino is a range of mirrored bathroom cabinets with a variety of integrated technological features. Slimline in profile, the cabinets include pre-fitted, adjustable glass shelves – perfect for all those bathroom bits and pieces you prefer to shut away out of sight.

Select from single door options with hinges to the left or right, or a double door cabinet offering twice the storage space. All Lustre products feature integrated LED lighting that helps ensure you always enjoy a well-lit view.

The built-in magnifier on the inside of the door is a valuable feature that helps you get in close when engaged in shaving or make-up application, while the gently heated demister pad resists condensation.

- /Magnifier - x3 strength
- /Infrared sensor
- /Energy efficient LED

Heating Collection

Take the chill off any bathroom with our range of high quality heating options. Heated towel rails warm the room up beautifully while also adding a toasty feel to towels and robes, and they can be either plumbed into an existing central heating system or run as standalone electric appliances.

Tissino quality is evident throughout, from the rail itself – available in a number of luxurious finishes – to the essential fittings and accessories that help ensure superb performance.

HUGO2 | Steps to Choosing Your Towel Rail

Five Helpful Steps:

1

CHOOSING THE YOUR COLOUR

The Hugo2 range includes a selection of six colours from gleaming Chrome to the luxury smooth finishes of Matt Black, Anthracite, Arabica, Lusso Grey and Mont Blanc.

2

CHOOSING THE YOUR SIZE

To choose the best size towel rail for your bathroom, use our heat output calculator online, then check that the suggested towel rail fits the space available.

www.tissino.co.uk/heat-output-calculator.

3

SELECT THE HEATING METHOD

Hugo2 towel rails can be supplied in a variety of heating methods, making sure we can accommodate for each and every home. Please see the information below and overleaf which will help you select the appropriate heating method for your new towel rail.

Selecting the Heating Method:

Electrical Rail

Heating element required:

For homes without central heating or for those looking to quickly add a heated towel rail to the room without the upheaval or cost of re-routing pipes, an electric towel rail can offer the perfect solution. They are very easy and quick to install by a qualified electrician and offer a cost-effective way of keeping towels and robes etc. warm and dry. Our towel rails can be converted into electric towel rails, we will fill the rail with a special heating fluid, install the appropriate heating element, seal and test.

Central Heating

Valves required:

Most homes in the UK already have central heating. If such a system is in place, you can simply plumb your new towel rail into your existing central heating system. Hugo2 towel rails produce enough BTU to warm your towels and heat the bathroom the same way as a traditional radiator.

Dual Fuel

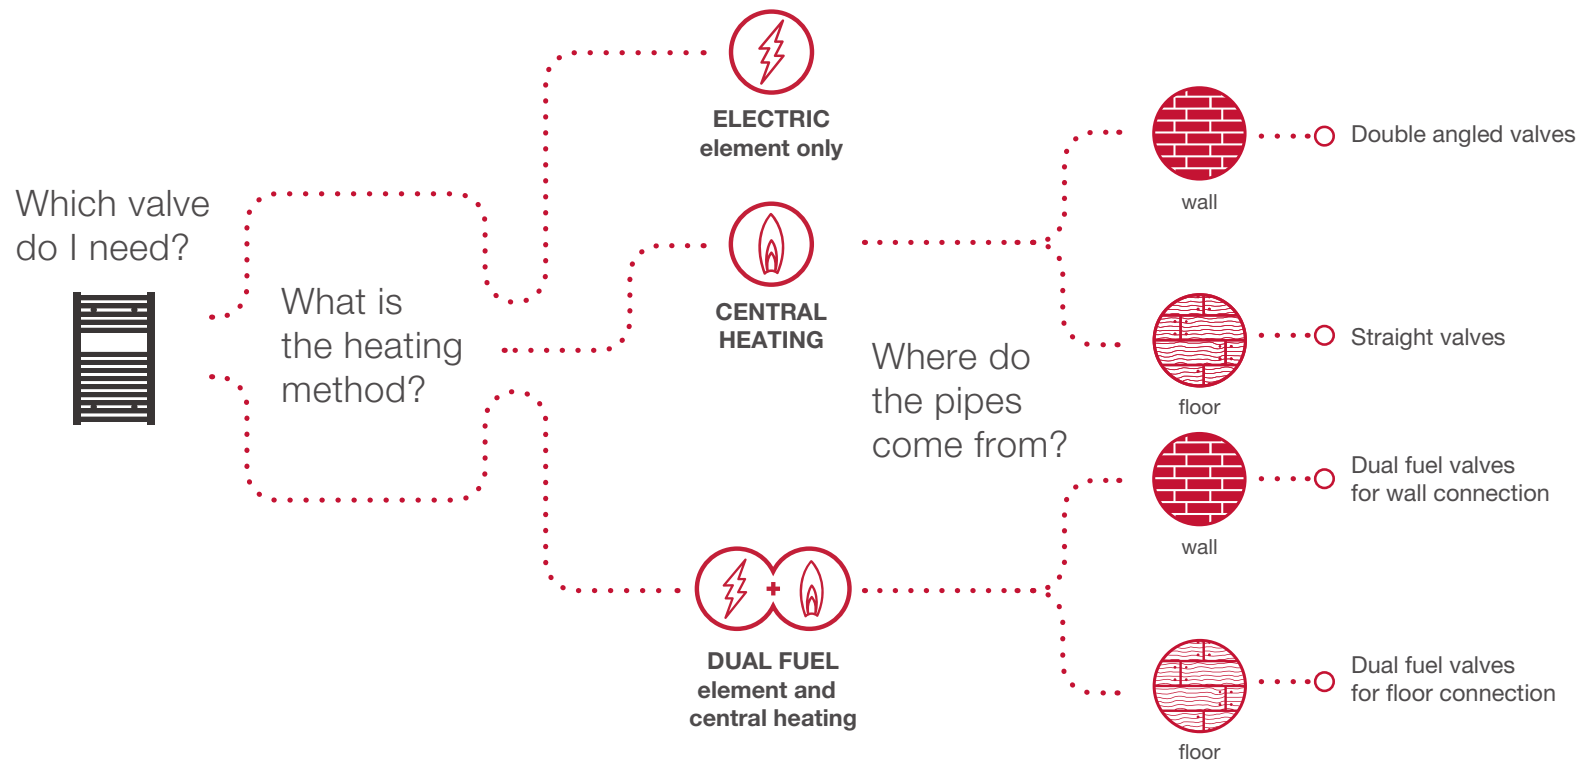

Heating element and valves required:

A dual fuel towel rail is plumbed into your central heating system and features an electric heating element which is purchased separately to the towel rail. A dual fuel towel rail can be heated by the main heating system in the house, or when the heating system is not in operation it can be isolated and heated by the element. This gives you the luxury of heated towels all year round without having to use the heating system in summer periods. We make this easy by supplying a set of dual fuel valves specifically designed for this installation scenario with wall or floor connections, these must also be purchased separately. See our 3 step guide to creating a dual fuel radiator on page 208.

4

CHOOSING YOUR RAIL VALVES

Choosing the correct valves for your radiator is essential but can be slightly confusing with so many options to choose from. Follow the table below to find out what valves you require for your radiator.

5

ADD THE FINISHING TOUCH

Colour matched pipe and shrouds and towel hangers can be purchased to add that extra touch of class to your towel rail. See page 207

1

CHOOSE THE TOWEL RAIL SIZE & COLOUR

See page 183 for shape and finish.

2

CHOOSE THE DUAL FUEL VALVES FOR A WALL OR FLOOR CONNECTION

A dual fuel towel rail is plumbed into your central heating system and features an electric heating element (purchased separately).

A dual fuel towel rail can be heated by the main heating system in the house, or when the heating system is not in operation it can be isolated and heated by the element. This gives you the luxury of heated towels all year round without having to use the heating system in summer periods.

Dual Fuel Valves - Wall Plumbing Connection

Includes two angled valves and a T-piece

Finish	Code	RRP*
Matt Black	THU-209-MN	£71.00
Anthracite	THU-209-AN	£71.00
Arabica	THU-209-AR	£71.00
Lusso Grey	THU-209-LG	£71.00
Mont Blanc	THU-209-MB	£71.00
Chrome	THU-209-CP	£71.00

**All prices include VAT*

Dual Fuel Valves - Floor Plumbing Connection

Includes 1 angled valve, 1 straight valve and a T-piece

Finish	Code	RRP*
Matt Black	THU-210-MN	£71.00
Anthracite	THU-210-AN	£71.00
Arabica	THU-210-AR	£71.00
Lusso Grey	THU-210-LG	£71.00
Mont Blanc	THU-210-MB	£71.00
Chrome	THU-210-CP	£71.00

**All prices include VAT*

3

CHOOSE THE ELEMENT

The recommend element size is listed within each towel rail. See individual product page or the table opposite.

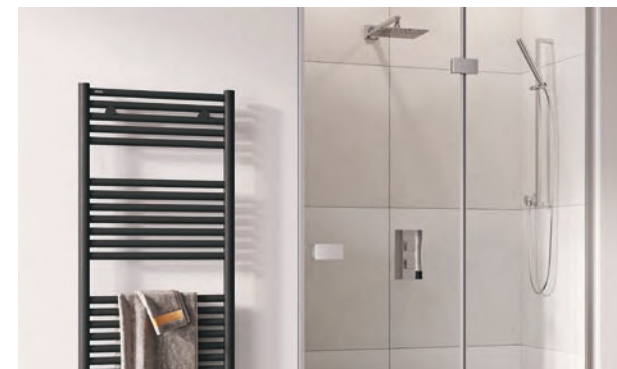

Ideal for summer use, heating elements can be switched on for towel warming when the central heating is off. The element needed for each rail is listed on the product pages or on the table opposite.

Heating Elements

Style	Code	RRP*
Standard Heating Element (IP55)-150W / 230V	THU-410	£129.00
Standard Heating Element (IP55)-300W / 230V	THU-411	£136.00
Standard Heating Element (IP55)-600W / 230V	THU-407	£154.00
Standard Heating Element (IP55)-900W / 230V	THU-408	£163.00

**All prices include VAT*

For colour matched elements see page 199

- / Thermostatic element can be hardwired in. Casing goes to the wall to conceal wiring
- / Colour matching thermostatic elements
- / Digital screen allows you to set the temperature, ranging from 10 - 65 °C
- / Turbo mode allows you to set the towel rail to maximum heating temperature for 1-3 hours
- / Timer mode allows you to set the desired number of hours you would like the heater to be on for (1-9 hours)

Prices and Ordering

All values in this brochure are in GB Sterling and are inclusive of VAT.

All Tissino products are available in Virtual Worlds and Easyquote.

We aim to make ordering a simple, pleasant experience and our trained staff are on hand to assist in any capacity that may be required, please contact our team on 0345 582 8000

Resources

Please speak to our sales team to arrange sample swatches, demonstrations, technical drawings, etc. Plenty of resource material is available to you.

Returns Policy

We must be notified of damages and missing items within 3 days of delivery. Restocking charges may apply. Full terms and conditions are available on request, please email clientcare@tissino.co.uk

Resources

For further information on resources, samples, specifications and drawings, please email our sales team on sales@tissino.co.uk

Delivery

Standard delivery to UK Mainland is free of charge and there is no minimum carriage paid order value. This includes site deliveries.

Orders with a specified delivery time and deliveries to a Non-UK Mainland address may be subject to a surcharge.

Guarantee

10 year guarantee is not applicable to shower seals, cartridges, toilet seats, electrical parts and special colour finishes.

Please contact our sales team on **0345 582 8000** to discuss options.

Technical

The colours and the effects in this catalogue are indicative for the limits allowed by the printing process; for this reason, they cannot be binding and be the base for possible claims.

All prices shown in this brochure are RRP (inc VAT)
