IF SOMETHING IS WORTH DOING, IT'S WORTH DOING WELL

At Dansani this is our motto. Since our foundation in 1983 it has always been that way and that's how it will continue in the future. We are bathroom enthusiasts through and through and we want to make the bathroom the best room in the house. Therefore our mission is simple - to develop and produce beautiful and well thought out bathroom concepts that create joy in everyday life.

DANISH DESIGN

Danish design is about putting people at the heart of the process – Danish design makes everyday life easier and it's beautiful and simple to look at. For Dansani, it is the embodiment of our designs. It must be easy on the eye, it must work effortlessly and it should create that cosy, home-like feeling.

40 YEARS OF QUALITY CRAFTSMANSHIP

Our craftsmanship is managed in our production facilities in Denmark. We have skilled people with respect for the materials they use and with many years of experience. They engage fully with the products and continuously optimise the processes involved, while delivering high quality work every single day is part of their DNA. They do it exactly so that we are absolutely sure of the quality of what we put our logo on.

ENVIRONMENT & SUSTAINABILITY

We have always categorised all waste and been energy conscious at Dansani and when it comes to our furniture, we make demands on ourselves and on our suppliers. Wood components must be traceable and we keep a keen eye on the proportion of recycled material and not least the energy used in the production of our products. We are honest about the materials we work with and we want to pass on as much information as possible to you as a customer. Read more on our website.
